Accessibility Policy

At Coastal Research, we are deeply committed to ensuring that our platform is inclusive and fully accessible to all individuals, including those with disabilities. We believe that access to information and services should be a universal right, and we are actively working to make every part of our website and services accessible to all users.

Our Commitment to Accessibility

We are diligently improving our platform to meet and exceed industry standards for web accessibility. This includes ongoing efforts to comply with the **Web Content Accessibility Guidelines (WCAG)** and the **Accessible Rich Internet Applications (ARIA)** specifications. These standards ensure that our site is designed to be user-friendly and accessible to people of all abilities, providing equal access to the digital content and services we offer.

Continuous Improvement

We recognize that accessibility is not a one-time effort but an ongoing process. Our team is continually working to identify and address any barriers that may prevent users from accessing our platform fully. We regularly audit our website to ensure it meets accessibility guidelines and make enhancements where necessary.

How You Can Help

Despite our best efforts, there may still be areas that need improvement. If you encounter any part of our platform that you believe is not fully accessible or compliant, we encourage you to let us know immediately. Your feedback is invaluable in helping us make necessary adjustments and improvements.

Assistance and Support

If you require additional assistance or have specific accessibility-related questions, we are here to help. Whether it's navigating our platform, accessing particular content, or using certain features, we are dedicated to providing personalized support to ensure your experience is as seamless as possible.

Please reach out to us for any accessibility concerns, feedback, or support requests.
